#### JOB Description:

##### Role Summary

We are looking for an experienced **Project Manager** to lead end-to-end delivery of **IoT, Gateway, Cloud, and Mobile Application** programs. The role requires strong expertise in **Agile project management**, stakeholder coordination, people management, and governance across **AWS and Azure cloud environments**, while ensuring compliance with **GDPR and ISO 27001** standards.

##### Key Responsibilities

- Own **end-to-end project delivery** across IoT devices, gateways, cloud platforms, and mobile applications
- Lead **Agile project execution** using Scrum / SAFe practices
- Plan and manage **project scope, schedule, cost, and quality**
- Perform **risk identification, mitigation planning, and issue management**
- Ensure effective **resource planning, utilization, and capacity management**
- Drive **people management** including team onboarding, performance tracking, and mentoring
- Coordinate with **cross-functional teams** (Firmware, Cloud, Mobile, QA, DevOps, Security)
- Manage **stakeholder communication**, status reporting, and executive reviews
- Ensure projects adhere to **GDPR, ISO 27001, and security best practices**
- Track and control **project budgets, forecasts, and cost optimization**
- Establish and maintain **project documentation** (plans, RAID logs, reports)
- Support **release planning, dependency management, and delivery governance**
- Experienced in implementing secure development methodologies, ensuring robust protection of sensitive data and systems integrity.

## **Mandatory Skills & Experience**

- **10+ years** of Project Management experience

Strong domain experience in:

- **IoT Systems & Gateways**
- **Cloud Platforms – AWS and Azure**
- **Mobile Application Development (Android & iOS)**

Proven expertise in:

- **Agile Project Management (Scrum / SAFe)**
- **People Management & Team Leadership**
- **Risk Management**
- **Cost & Budget Management**
- **Resource Utilization & Capacity Planning**

  

- Hands-on experience with **JIRA, Confluence**, and Agile reporting tools
- Strong understanding of **security, compliance, and data privacy** requirements

## **Compliance & Standards**

- Working knowledge of **GDPR** requirements
- Experience managing projects aligned with **ISO 27001** standards

## **Education**

- **B.Tech / B.E** – Mandatory
- **M.Tech / M.E** – Nice to have

## **Certifications (Good to Have)**

- **Scrum Master (CSM / PSM)**
- **PMP (Project Management Professional)**
- **SAFe Agilist / SAFe Practitioner**

## **Soft Skills**

- Strong **leadership and decision-making** abilities
- Excellent **communication and stakeholder management** skills
- Ability to handle **multiple projects and high-pressure environments**
- Proactive, structured, and outcome-driven mindset

Regards,
